(14) FARMERS' MARKET: Cllrs Mrs Handley informed the meeting that the proposed farmers market at Giltbrook Retail Park was not in front of the borough's Development Control committee. It had however led to a wider debate on the issue of stores displaying their goods in the car park thereby reducing the number of parking spaces for shoppers. She added she was pressing the Enforcement Officer to take appropriate action.

(15) MOORGREEN CORNER UPDATE: Although the information monolith had now been installed Cllr Handley commented some "tidying up work" would be required before any official unveiling took place..

(16) ALIGNED CORE STRATEGY: Letters had been received from Broxtowe BC and the Plan Inspector outlining the forthcoming procedure for the next stage of consultation. It was AGREED that the Clerk reserve a place at the public examination into the soundness of the strategies to be held later in the year.

The meeting closed at 7.48pm.
